**STRAIN TALK**

**Banano**

Sativa / Indica

**THC 16.1% CBD 0.3%**

Banano plants are tall, and produce a medium to high yield of dense, elongated buds that smell sweet and pungent. When inhaled these bright green, hairy flowers taste very fresh, smooth and pleasant. The effect is immediate, thoughtful and imaginative. Patients will find they are focused enough to accomplish small tasks, but not overly energetic. This is the ideal medicine for relief from minor aches and pains, anxiety and stress.

**EDIBLE OF THE MONTH**

**Organicann Chocolates**

Dark Chocolate Truffles **\$8** (2 pack)

Monogrammed Chocolates **\$6** (2 pack)

**RECIPE OF THE MONTH**

**Medicated Red Velvet  
Cake Balls**

**Ingredients**

1 box red velvet cake mix (cook as directed on box for 13 X 9 cake), \*Substitute vegetable oil with Organicann CannaButter, melted  
1 can cream cheese frosting (16 oz.)  
1 package chocolate bark (regular or white chocolate)  
wax paper

**Directions**

1. After cake is cooked and cooled completely, crumble into large bowl.
2. Mix thoroughly with 1 can cream cheese frosting.
3. Roll mixture into quarter size balls and lay on cookie sheet. (Should make 45-50. You can get even more if you use a mini ice cream scooper, but I like to hand roll them.)
4. Chill for several hours. (You can speed this up by putting in the freezer.)
5. Melt chocolate in microwave per directions on package.
6. Roll balls in chocolate and lay on wax paper until firm. (Use a spoon to dip and roll in chocolate and then tap off extra.)

**SAMPLE THE LOCAL HARVEST**  
**\$5 PER SAMPLE • 6 SAMPLES FOR \$25**  
**CUTTINGS AVAILABLE DIRECT FROM THE CULTIVATORS**

ORGANICANN MEMBERS ONLY.

The activists behind the Repeal Cannabis Prohibition Act are attempting to introduce some common sense to cannabis regulation in California. They propose repealing criminal punishments on adults (of at least 19 years of age), continuing to defend medical marijuana legislation enacted by Prop 215 and SB420, and carefully regulating distribution. These measures represent an important step forward for the statewide cannabis community. Supporters of the Repeal Cannabis Prohibition Act of 2012 can find a single-voter petition online at [repealcannabisprohibition.org](http://repealcannabisprohibition.org)

Also, look for our RCPA2012 petition here at OrganiCann this month!

We offer a large selection of the cleanest and most sustainable cultivation products available.

### FEBRUARY CULTIVATING TIP **Greenhouse pest management**

Beware! During these cold days and nights, pests are seeking shelter and sometimes that can mean your greenhouse. Be proactive in pest prevention. A great book to help you recognize and eradicate pests and disease is the Marijuana Garden Saver: Handbook for Healthy Plants by J.C. Stinch edited by Ed Rosenthal. Find this book and many others at OrganiCann.

**FREE Cultivating Seminars offered 3rd Saturday of Every Month from 11am-1pm at our Santa Rosa location.**

### CULTIVATING MUST-HAVES - Organic Pesticides

These products provide good control of pests, such as mites, thrips, and aphids. They are natural and pests are less likely to build up resistance to their chemistry unlike other harsher pesticides, which increase selective pressure.

SAFER GRO  
 Pest Out

### TIVA Energy Shots for Daytime, and INDI Sleep Shots for Nighttime from Sensi Herbal Care.

**TIVA / INDI**  
 (2 oz. Shot) \$10 each

**Energy or Sleep Shot**

FLAVORS: Strawberry, Tangerine, Vanilla or Mocha
