STRAIN TALK

7-UP KUSH

Indica/Sativa

THC 15.73% CBD .42%

Looking for a strain with a pleasant head effect, and an extremely relaxed body sensation? 7up Kush comes from Hindu lineage, and is related to some of the most popular Kushes available today, including Bubba Kush. Plants are short and stocky with wide leaves and large, round, sugar-coated buds. The aroma is sweet, citrusy and bold, but the flavor is surprisingly reminiscent of rich spices, like cumin and curry. This Indica-dominant hybrid is an effective mood brightener that is perfect for any patient who prefers to medicate in the evening!

EDIBLE OF THE MONTH

Rini

\$10 (3-4 doses)

Three medicated layers of brownie, vanilla frosting & a chocolate/peanut butter rice crispy mixture

SAMPLE THE LOCAL OUTDOOR HARVEST AND HELP A LOCAL CHARITY. WIN/WIN.

RECIPE OF THE MONTH

Pot-Squash Mash

Ingredients:

4 pounds Yukon gold potatoes, peeled and halved
1 small butternut squash (2 pounds), peeled, seeded, and cut into 2-inch chunks (6 cups)
Coarse salt and ground pepper
6 tablespoons Organicann CannaButter
2 garlic cloves, minced
1 cup half-and-half

Directions:

1. In a large pot, combine potatoes and squash; cover with salted water by 1 inch. Bring to a boil; reduce heat, and simmer until potatoes and squash are easily pierced with the tip of a paring knife, about 20 minutes.
2. Drain in a large colander; return potatoes and squash to the pot. Stir over medium heat until dry, 2 to 3 minutes. Remove from heat.
3. In a small saucepan, melt Organicann CannaButter over medium heat; add garlic, and cook until fragrant, about 2 minutes. Add half-and-half; bring to a simmer. Pour over potatoes and squash; season generously with salt and pepper. Mash with a potato masher until smooth and creamy. Serve immediately.

Organicann 301 East Todd Road, Santa Rosa

Oakland Organics 705 Broadway, Oakland

Hillcrest Organics 1295 University Avenue, San Diego

NATURAL MEDICINE
ORGANICANN
CONCENTRATES

Organicann Concentrates are an excellent way to increase potency in your medicine.

KIEF

MOON ROCKS

HONEYCOMB

- **KIEF** is the unrefined trichomes or "THC crystals" than can be separated from cannabis either by shaking buds and leaf over a screen or in a professional Pollinator. Kief is the most organic form of concentrate.
- **BUBBLE** concentrates are a form of hash that is created using the cold water, bubble-bag method. This produces a more potent, processed way of consuming additional THC, either on top of cannabis or simply by itself. You can find this concentrate in a variety of forms including sieved, pressed, powders (unpressed), or crumbles.
- **HONEY OIL** is an extremely potent solvent extraction of cannabis. It has a high THC content which generally varies between 70% and 90%. The potency levels make it most effective for patients with moderate to severe chronic pain and/or a very high tolerance for cannabis products. You can find it in liquid or dehydrated forms such as Honey Comb.

CULTIVATING WISDOM™

301 East Todd Road, Santa Rosa
1295 University Avenue, San Diego

We offer a large selection of the cleanest and most sustainable cultivation products available.

**SEPTEMBER CULTIVATING TIP
TIPS FOR A TIMELY HARVEST**

Recognizing when your buds have reached their peak harvest window is key in producing cannabis at its full potential. The trick is to study resin glands under a magnifying glass, and to look for a creamy white color in your trichomes. Glands that are clear are premature, and amber trichomes have passed their ideal harvest time. Keeping a close eye on your plants as they finish their flowering cycle is an important step to ensure that your buds are potent and delicious!

FREE Cultivating Seminars offered 3rd Saturday of Every Month from 11am-1pm at our Santa Rosa location.

GORILLA GROW

Advancing Grow Technologies Through
"The Powerful Science of NatureSM"

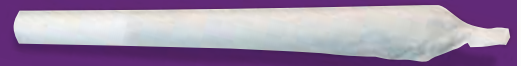

GORILLA GROW™ and DINO GROW™ are key components of the ecosystem that are rarely seen; yet have played a major roll in defining the health of our soils throughout the history of our planet. Based on science as old as the ecosystem itself, these two components when combined together help create what we call LMSR™.

TIP OF THE MONTH
KNOW THE LAW

**Legalization
on 2012 Ballot**

California cannabis activists continue their struggle for legalization with a new initiative on the 2012 ballot. The text of the Repeal Cannabis Prohibition Act are more reasonable than Proposition 19, and the limitations it sets will seem familiar to Sonoma County residents. Adults will be permitted a 10 by 10 garden and possession of 3 pounds, but distribution to minors or driving under the influence will remain illegal.
